Place your chosen fabric in your hoop, I used Calico for this sew out. Place stabilizer under the fabric, I used a heavy weight stabilizer and slid it under the hoop I did not hoop the stabilizer.

Sew the Sunbonnet Sues shoe in whatever colour you choose.  
Next sew the placement running stitch for the dress fabric.

Place your fabric over the placement line.

Next sew the tack down running stitch line.

Remove the hoop and the fabric from the machine **(DO NOT REMOVE THE FABRIC FROM THE HOOP)**.

Using your scissors cut close to the tack down line.

Place the Hoop back onto the machine and sew the Satin outline.

Sew the hand and the sleeve next in the colours you choose.

Sew the placement running stitch line for the sunbonnet.

Place your chosen fabric over the placement line and sew the tack down line.

Remove the hoop from the machine and cut the fabric close to the tack down running stitch line.

Sew the Satin stitch around the sunbonnet.

Finally sew the fancy stitch band on the sunbonnet.

You can use the same technique for any design that uses multi appliqué fabric pieces.
